ANNUAL REPORT

OF THE

Chief and Clerk of Fire Department.

NEWMARKET, N. H., Feb. 15, 1899.

TO THE TOWN OF NEWMARKET:

In compliance with the law requiring the Chief Engineer of the Fire Department to make an annual report to the town containing a list of all the apparatus used for the extinguishment of fire, the condition of the same and the amount expended for repairs, the following report is respectfully presented.

FORCE OF THE DEPARTMENT.

The regular force of the department consists of 46 officers and men, as follows: A chief and three assistant chief engineers, two hose companies of 16 men each, and one hook and ladder company of 11 men. Each company is allowed five substitute members, who are paid by their principals when acting as substitutes, but who respond as call firemen on a second alarm of fire, when they are paid by the town. By courtesy of Agent A. J. Nichols of the Newmarket Manufacturing Co., the hose company of 20 men belonging to the Newmarket Manufacturing Co. will respond to a third fire

alarm, making a total force of 81 officers and men available for fire duty, all of whom are subject to monthly out-door drill except in winter. The companies are well officered, are under good discipline, and the service done by them at fires during the past year would be creditable to any fire department.

FIRE APPARATUS.

The fire apparatus, a list of which follows, is all in good condition and ready for service, except one length of Climax and two lengths of Paragon hose. The equipment of the two hose companies is: two Gleason & Bailey hose carts, chain winding reels, each with a capacity of 700 feet of hose; 2000 feet Climax knit rubber-lined hose; 1000 feet Paragon hose; 8 flexible play pipes; 4 solid play pipes; 4 Callahan shut-off nozzles; 2 single hydrant gates; 3 Siamese connections; 21 Taber spanners; 6 hydrant wrenches; 18 hose and ladder straps; 4 firemen's lanterns; 4 torches; 2 fire axes; 2 crow-bars; 3 reducers; 18 fire hats; 10 coats; 4 pairs rubber boots.

Newmarket Manufacturing Co. Hose Company, (3d alarm): 1500 feet hose; 6 play pipes.

Equipment of Hook and Ladder Company: One Gleason & Bailey steel frame truck No. 2; 1 45-foot East Somerville extension ladder; 1 26-foot, 1 25-foot, 1 24-foot and 1 18-foot single ladders on truck; 1 pull-down hook, chain and rope; 4 hand hooks and poles; 2 crotch poles; 2 fire axes; 2 pick-head sledges; 2 crow-bars; 12 rubber buckets; 4 firemen's lanterns; 1 signal lamp; 1 13-inch gong. Reserve ladders—2 30-foot, 1 25-foot and 3 roof ladders.

Tiger Engine, No. 1, has been overhauled and is in good condition for service outside hydrant limits. When needed for such service it will be manned by firemen from hose companies.

A new traverse runner hose pumg for winter service has been purchased. It was a much needed piece of apparatus.

It carries 800 feet of hose, 4 play pipes, and a full outfit for the use of hosemen. It is housed at J. Elmer Kent's livery stable, where a fire alarm gong is located and a driver is ready by night or day to start at once on an alarm of fire.

WATER SUPPLY.

There are 51 hydrants in the hydrant system, with a pressure of from 70 lbs. per square inch at the high school building, the highest point in the hydrant system, to 92 lbs. on Exeter street. Sixty pounds is considered a good working pressure for fire purpose. Superintendent Harvey of the Water Works Co. has kept the hydrants in good condition and the service has been first-class in every respect.

FIRE ALARM SYSTEM.

The Stevens Fire Alarm System, which was installed in April, 1897, has proved to be all that was claimed for it and has saved many times its cost in getting alarms in promptly. Like all electrical apparatus, it requires constant care and attention. It has never failed to work when needed for an alarm.

FIRE HOSE.

The 2000 feet of fire hose which was purchased of the Revere Rubber Co. is now in its fifth year of service and the warrant given by the makers has expired. No hose is now warranted for more than three years, although the Revere Rubber Co. has re-lined 200 feet of hose during the past year without expense to the town, and have made their warrant good, which was for four years, being one year more than was offered by any other hose manufacturer when the hose was purchased. The use of shut-off nozzles, while of great advantage at fires, subjects the hose to a great bursting strain and shortens their life materially. It may be expected that some hose must be replaced each year hereafter, in order that the fire equipment be kept up to the present standard.

ACKNOWLEDGEMENTS.

I wish to hereby express my high appreciation of the work done by the fire companies the past year. The officers have a right to be proud of their companies; the men behind the play pipes and the hooks have a right to be proud of their work. I believe I have a right to be proud of them all, and I surely am. Very Respectfully,

WILLIAM H. SMALL, *Chief Engineer.*

FIRE LOSSES AND INSURANCE.

Total number of fire alarms during the past year, 8. Number of false alarms, 3. The total amount of fire loss was \$8,110.00. Amount of insurance paid on account of property damaged or destroyed, \$3,084.85.

FIRE RECORD.

Statement of details of fires and alarms, losses and insurance, as reported to the Clerk of the Board of Engineers by property owners and insurance agents.

FEBRUARY 18, 1898. Fire in the dwelling house of I. W. Norton on the Epping road. Damage to buildings, \$990.00. Insurance paid on same, \$775.00.

APRIL 3, 1898. An alarm was pulled in at 4.10 A. M. Department arrived in five minutes and found the alarm to be false.

APRIL 9, 1899. A call was pulled in from box 12 at 11.48 A. M., for a brush fire on the Plains road on the west side of the town, on land owned by Mrs. J. W. Cate. One half the department was detailed for the protection of the property in town, while the volunteers were sent to the fire. Damage to wood, etc., \$60.00. No insurance.

APRIL 19, 1898. Box 5 was pulled in at 11.19 P. M. The department responded in five minutes and found it to be a false alarm.

APRIL 29, 1898. Box 12 was pulled in by I. T. George, at 10.38 P. M., for a fire in the station of the Boston & Maine Railroad. Department arrived in four minutes and had three streams on same. All-out alarm was sounded at 11.40 P. M. Damage to same, \$1,200.00. Insurance paid on same, \$1,104.00.

MAY 9, 1898. Box 34 was pulled in at 3.52 P. M., for a fire in the house owned by F. H. Durgin. Department arrived in four minutes, and at 4.21 the all-out alarm was sounded. Damage to same, \$75.00. Insurance paid on same, \$55.00.

SEPTEMBER 7, 1898. Box 45 was pulled in for a fire in the barn owned by J. E. Smart. Tiger Hose Company and Hook and Ladder Company arrived in seven minutes. Department did good work, but the barn with contents was burned to the ground. Loss on building, \$500.00. Insurance paid, \$1,000.

SEPTEMBER 29, 1898. Box 65 was pulled in at 3.50 P. M., for a fire in the woodshed owned by Charles W. Chapman. Department responded in seven minutes and the all-out alarm was sounded at 4.10 P. M. Loss to building, \$100.00. Insurance paid on same, \$100.00.

FEBRUARY 9, 1899. Box 21 was pulled in at 1.10 A. M., to which the department responded in eight minutes. It proved to be another false alarm and the men had a hard run for nothing.

FEBRUARY 13, 1899. Box 12 was pulled in at 8.05 P. M., for a fire in the house owned by Mrs. Joseph Simpson and occupied by Mrs. D. Lepine. Department arrived in six minutes, in a blinding snow storm and did good work. The all-out alarm was sounded at 9.25 P. M. Damage to buildings and contents, \$40.00. Insurance paid on same, \$65.00.

DIRECTIONS FOR RINGING IN AN ALARM.

When a fire breaks out the person discovering it should immediately run to the box *nearest the fire*, break the glass in the front of the small key box which is on the side of the fire alarm box, take out the key, which is attached to a chain, unlock the fire alarm box, open the door and pull down the hook *as far as it will go*, then let go the hook. Stand by box to direct the firemen. Don't pull in an alarm for a fire seen at a distance or out of reach of the hydrant system, but notify some member of the department, who will give the proper alarm.

FIRE DEPARTMENT SIGNALS.

Second Alarm, 8 blows, for reserve apparatus and call firemen.

2 blows after fire alarm indicates fire all out.

REPORT OF SCHOOL BOARD.

The task of writing an extended statistical report of the condition of the Newmarket schools was assigned to the acting Superintendent, the late Dr. J. L. Elkins. His unexpected demise, at the very close of the fiscal year, makes the presentation of such a report at this time impracticable. At the end of the school year, in August next, such a report will be filed with the Selectmen, as the Statute requires, and as may then be suggested by the numerous puzzling conundrums of the State Superintendent.

In compliance with the vote of the district, all details of school management have been entrusted to a Superintendent, subject to the general revision and approval of the School Board. His duties have been performed in such a manner that the schools are now running without perceptible friction and we are hearing very little complaint from the parents. It is also gratifying to report that a liberal reduction has been made in the district debt.

A brief financial statement is published by the Treasurer for the information of voters and tax-payers, to the end that they may vote intelligently when the funds are raised for the support of schools. A full itemized and audited statement will be published in the August report. A large part of the unexpended balance which now appears will be required to meet the bills of the present term.

REPORT OF TRUSTEES.

Full reports of the Commissioner of the General Land Office, of the Commissioner of Indian Affairs, of Commissioner of Education, of Director of Geological Survey, Miscellaneous Reports of Subordinate Officers of Interior Department, are now upon our shelves, which, although not often sought for by general readers, are of great value in pursuing special lines of study, and we regard them as a valuable addition to our library. A fine selection of Historical Works of the War with Spain, and of the countries which have come into the possession of the United States as a result of the War, have been added, making the Library in this line very complete. Other large additions have been made, making the number of books belonging to the Library nearly four thousand. The Library is in excellent condition, well kept, and is very fully patronized.
